# ABOUT US

## **WASHINGTON OREGON CASCADIA HIGHER EDUCATION SUSTAINABILITY CONFERENCE**

The Washington Oregon Cascadia Higher Education Sustainability Conference (WOHESC) is a platform for inspiring change, facilitating action, and promoting collaboration to drive action on sustainability and social justice within our regional higher education institutions. Sessions, workshops, and networking empower participants to advance environmental and social justice performance. Solutions shared at the conference are tailored for implementation in our unique political, social, economic and environmental climate.

### **WHO PARTICIPATES AS CAMPUS AND COMMUNITY PARTNERS?**

Campus and community partners are college/university organizations, programs and nonprofits who work to promote sustainability and social justice in higher education on campus and in their community through newsletters, websites, social media and local events.

### **WHAT DOES IT MEAN TO BE A PARTNER?**

Partners help spread the word about WOHESC through an in-kind, cross promotional agreement. These partnerships support the shared goal of advancing sustainability at regional Cascadia institutions of higher education.
